

EDUCATIONAL & SOCIO CULTURAL EXCHANGE PROPOSAL

PROJECT BRIEF

A 15 days Educational and Socio Cultural Exchange where students will get an opportunity to visit Ireland in North-Western Europe. It will provide a channel for reinforcing the lessons learned in the classroom through extra curricular activities, offering students the opportunity to apply academic skills in a real-world context. The students will not only get a global platform to excel in academics but will also spend time with other European students and their families building cultural capital and a great network. Students who participate in student exchange programs will exhibit higher degrees of awareness, acceptance for cultural diversity, global exposure and will learn ways of the world that opens up their mind and makes them capable of thinking out of the box!

ABOUT US

Talent Enablers is a National NGO working towards enabling talent since 2004, registered under the Societies Registration Act- XXI of 1860, with the aim to enhance educational, athletic, artistic and creative development. We focus on strengthening the cultural roots of the emerging generation and sensitize youth towards their own role in creating the culture and preserving the environment. Our operating model encourages youngsters to take responsibility for creating a better world through our youth wing EPIC- Empowering People Initiating Change. We have always strived to provide a platform to encourage hope, promote self-confidence, and develop creative thinking to solve problems and make better life choices. Talent Enablers has been reaching out to the marginalized, socially deprived, & economically disadvantaged persons particularly women, children, youth and people with special abilities. Our endeavor is to develop skills, enhance their inherent talent to make them self-sufficient and enable them to live a life of dignity. We devote ourselves to the preservation and the promotion of India's National Heritage with a primary focus on Sports, Arts, Culture and Education and Environment.

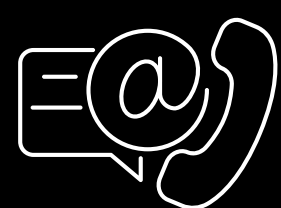

Benefits of Educational and Socio Cultural Exchange for students:

- **Mingling with people of different cultural communities gives them an international perspective that can add on to their college applications**
- **It also helps them communicate with people across cultures confidently**
- **At the end of it, they will come out feeling independent, confident, and capable of taking on life's challenges. As a teenager, when they go abroad to study, they will automatically become more equipped to handle university life and other future endeavors.**

We welcome you to be our partner in change embarking on a journey of creating a better world by empowering the emerging generations. Lets collaborate to share our strengths and nurture global citizens of tomorrow!
